Building Pakistan's Future Workforce: THF at Job Fair Karachi

The Hunar Foundation (THF) participated in the Job Fair Karachi – “Empowering Pakistan’s Youth: A Day of Opportunity and Celebration,” organized by Saiban-e-Pakistan, the Pakistan Poverty Alleviation Fund, and the Roman Catholic Archdiocese of Karachi. With Mr. Muhammad Iqbal Memon, Additional Chief Secretary, gracing the event as Chief Guest, the platform underscored a shared national urgency: bridging Pakistan’s widening skills gap and ensuring youth have credible pathways to dignified, future-ready employment. THF’s presence highlighted how structured vocational training-aligned with industry needs-can transform this challenge into an opportunity by equipping young men and women with

marketable competencies that directly contribute to economic resilience, social stability, and upward mobility. Through such engagements, THF continues to position skills development not just as a service, but as a strategic pillar for Pakistan’s long-term human capital development.

Be the Spark of Change

Thousands of ambitious youth are waiting for a chance to learn, grow, and contribute to Pakistan’s workforce. With your sponsorship, a student can access vocational training, guidance, and career pathways. Give the gift of skill, confidence, and opportunity—sponsor a student now.

THF and KFC Enable Women's Workforce Inclusion

The Hunar Foundation (THF), in partnership with KFC Pakistan, has launched a dedicated motorbike training program for women. Beyond teaching a practical skill, this initiative addresses systemic barriers to women's mobility and workforce participation, equipping participants with the confidence and capability to access education, employment, and entrepreneurial opportunities. By enabling women to move freely and safely, the program contributes to broader objectives of gender inclusion, economic empowerment, and social equity - demonstrating how targeted vocational training can serve as a catalyst for transformative change in Pakistan's human capital development.

Showcasing Innovation: THF Students at Pakistan Auto Show 2025

The Hunar Foundation (THF) proudly showcased its students' talent and innovation at Pakistan Auto Show (PAPS) 2025 at Expo Centre, presenting projects that combined creativity, technical skill, and practical problem-solving. Industry leaders and

visitors alike were able to witness firsthand how vocational education can cultivate not just employable individuals, but innovators capable of driving Pakistan's automotive and manufacturing sectors forward. By translating classroom learning into tangible industry-ready solutions, THF reinforces the idea that skills development is a critical lever for both personal advancement and sectoral growth.

Building Resilient Communities Through Skills and Enterprise

The Hunar Foundation (THF) - Emerge Incubation Center hosted a delegation of university faculty as part of United Nations Office on Drugs & Crime (UNODC) Pakistan's Training of Trainers on "Countering Violent Extremism and Promoting Social Cohesion through Social Entrepreneurship." Such visits are vital for sharing best practices and demonstrating how social entrepreneurship and skills-based training can drive youth engagement, community resilience, and sustainable development. Delegates explored Emerge's incubation model, aligned with the UN SDGs, and visited THF's technical institutes to witness hands-on, employment focused programs that translate education into meaningful economic and social impact.

Building Tomorrow's Innovators: THF Students Take the Stage

At The Hunar Foundation's (THF) Feroze Fatima Healthcare Technical Institute (FFHTI) students recently showcased a range of creative and technical projects, highlighting the outcomes of experiential, hands-on learning. The event emphasized how a culture of innovation and practical problem-solving is embedded into THF's training programs, enabling students to develop not just technical skills but also critical thinking, collaboration, and confidence. By celebrating student initiative and ingenuity, FFHTI reinforces the value of learning by doing as a cornerstone of youth empowerment and prepares graduates to navigate complex challenges in both entrepreneurial and professional settings.

THF x HR Dost

The Hunar Foundation (THF) signed a Memorandum of Understanding with HR Dost to redefine career pathways for students and alumni by connecting them with top HR professionals and industry leaders. Key initiatives include the THF - Rehbar mentorship program with 10 -15 senior HR leaders, HR meetups at THF's corporate office, on-campus guidance, industry visits, and strengthened job placement support. By combining mentorship, industry exposure, and HR expertise, this collaboration enhances employability and nurtures a skilled, confident, workforce-ready generation driving Pakistan's socio-economic growth.

THF x Tata Pakistan

The Hunar Foundation's (THF) Memorandum of Understanding with Tata Pakistan strengthens the bridge between education and industry, equipping youth with skills demanded by the modern workforce. Through priority placement, internships, on-campus recruitment, and tailored upskilling programs, the partnership enhances employability and builds a pipeline of industry-ready professionals. Beyond immediate opportunities, this collaboration drives sustainable human capital development, and contributes to a skilled, self-reliant, and competitive workforce for Pakistan's future.

Champions of Change

The Hunar Foundation shows its gratitude to the following organizations for standing by us in transforming lives and building a more inclusive tomorrow.

Together, we commit to building a Skilled and Poverty-Free Pakistan!

Empowered by THF – Stories of Success!

Timmer Gill, with an educational qualification of middle and belonging to a middle-class family, aspired to become financially independent and build a better future for herself. With limited knowledge and skills in fashion design, she chose the Hunar Foundation to gain professional training and transform her passion into a practical skill set.

THF's Advanced Excel & Data Analytics program empowered **Shaheer Ali** to hone his skills and confidently enter the professional world. Today, he is thriving as an Intern Recruiter at CloudLogically, a US-based company, and contributing meaningfully to the team.

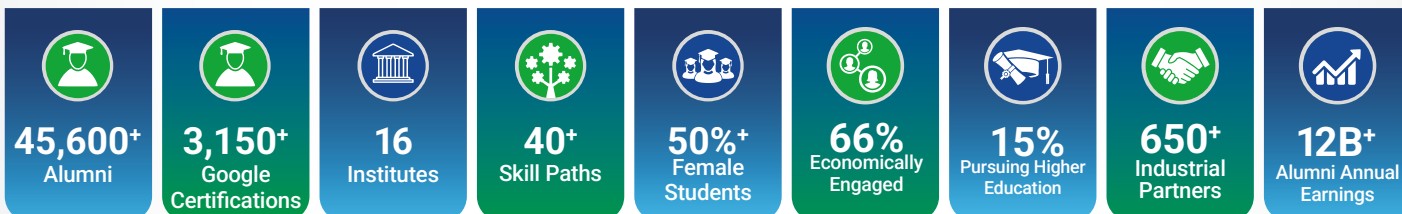

Voice of Impact: Donor Reflection!

“THF is a well-organized institution that delivers training to students in the TVET sector in an effective manner. I strongly encourage schools and institutes to adopt THF's model of training and development and I also request all stakeholders to actively contribute to its mission.”

Muhammad Abdullah Feroz
Managing Director, Efroze Chemical Industries (Pvt.) Ltd.
